

## HIGHLIGHT

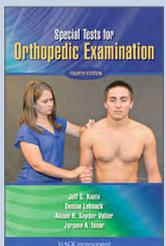

### A CLINICIAN'S GUIDE TO BALANCE AND DIZZINESS

**Evaluation and Treatment**  
Charles M. Plishka  
May 2015 250pp, illustrations  
9781617110603 Paperback  
£62.50 / €83.00

With an increasing number of referrals to treat balance impairment, gait disorders, and dizziness, Charles M. Plishka looks to address these issues and provides tests, measures and interventions that are matched to research studies, when available, for evidence-based practice. The book begins with a review of the anatomy and physiology of the systems used to balance; with a basic understanding of how we balance, the signs and symptoms of patients will be understood with much greater ease.

An easy-to-use reference perfect for physical therapy students and clinicians, as well as vestibular and balance therapy specialists, occupational therapists, athletic trainers, and audiologists, *A Clinician's Guide to Balance and Dizziness*:

- Enables the reader to perform a complete and thorough evaluation.
- Helps to provide treatment options for identified deficits that place the patient at risk for falls.
- Contains numerous diagrams, photos, and access to a web site containing video clips that demonstrate key evaluation and treatment techniques.

### SPECIAL TESTS FOR ORTHOPEDIC EXAMINATIONS

**Fourth Edition**  
Jeff G. Konin et al  
Jan 2016 448pp, illustrations  
9781617119828 Spiral bound  
£54.50 / €72.00

Provides critical information on the most current and practical special tests used during an orthopedic examination. The fourth edition includes 160 special tests, six of which are new: Ballottement Test; Gerber's Test (Lift-Off Test); Painful Arc Sign; Thessaly Test; Quad Active Test; Lelli Test for Anterior Cruciate Ligament (ACL) Injuries. Includes access to a video website that offers a unique approach, providing a visually enhanced dimensional and motion analysis of each special test performed.

### SPECIAL TESTS OF THE CARDIOPULMONARY, VASCULAR AND GASTROINTESTINAL SYSTEMS

Dennis G. O'Connell, Janelle K. O'Connell & Martha R. Hinman  
2010 304pp, illustrations  
9781556429668 Spiral bound £51.50 / €69.00

Provides a concise summary of over 95 special tests and exam procedures. It describes each special test in terms of clinician action, normal findings, positive findings, special considerations, and references.

### SPECIAL TESTS FOR NEUROLOGIC EXAMINATION

James R. Scifers  
2008 432pp, illustrations  
9781556427978 Spiral bound £51.50 / €69.00  
Suitable for students and clinicians, this book offers evaluation and assessment tips and techniques for neurologic conditions commonly found in patients.

## FORTHCOMING

### INTERPROFESSIONAL EVIDENCE-BASED PRACTICE

**A Workbook for Health Professionals**  
Penelope Moyers & Patricia Finch-Guthrie  
Apr 2016 250pp  
9781617110983 Paperback £72.50 / €96.00

Promotes active, team learning of interprofessional evidence-based practice (EBP). EBP is described in terms of a dynamic team process that blends the patient's preferences and values, the expertise of practitioners from multiple disciplines, and incorporates multidisciplinary evidence.

### QUICK REFERENCE DICTIONARY FOR PHYSICAL THERAPY

**Third Edition**  
Jennifer Bottomley  
2012 680pp  
9781617110702 Paperback £28.95 / €39.00

Provides quick access to over 3,400 words and their definitions that are encountered on a day-to-day basis. There are also 41 appendices in this user-friendly, pocket-sized reference, including lists of general acronyms and abbreviations.

### TEACHING AND LEARNING IN PHYSICAL THERAPY

**From Classroom to Clinic**  
Margaret Plack & Maryanne Driscoll  
2011 250pp, illustrations  
9781556428722 Paperback £49.50 / €66.00

Provides a systematic approach to designing, implementing, and evaluating effective teaching-learning experiences. Also included are practical strategies that allow students, educators, and clinicians to enhance their critical thinking and clinical decision-making processes.

### PHYSICAL THERAPY DOCUMENTATION

**From Examination to Outcome, Second Edition**  
Mia Erickson, Ralph R. Utzman & Becky McKnight  
2013 192pp  
9781617112515 Paperback £54.95 / €74.00

Complete and accurate documentation is one of the most essential skills for a physical therapist to develop and use effectively. Necessary for both new and experienced practitioners, the book explains physical therapy documentation from A to Z.

## BESTSELLER

### PHYSICAL THERAPY IN ACUTE CARE

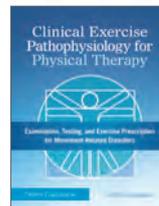

**A Clinician's Guide**  
Daniel J. Malone & Kathy Lee Bishop Lindsay  
2006 600pp, illustrations  
9781556425349 Paperback £69.50 / €93.00

A research-based text that enables clinicians to manage acute care patients successfully. It provides an understanding of the basic physiological mechanism underlying normal function of all major organ systems, contrasted with the pathophysiology of disease or disorders most often encountered.

### CARDIOPULMONARY PHYSICAL THERAPY

**Management and Case Studies, Second Edition**  
W. Darlene Reid, Frank Chung & Kylie Hill  
2013 496pp, illustrations  
9781617110290 Hardback £73.95 / €99.00

A unique textbook for the classroom that blends clinical notes on assessment and management together with case-based instructional approaches to cardiopulmonary care for acute and ambulatory care patients.

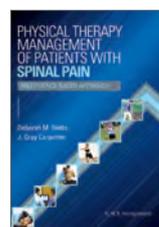

### CLINICAL EXERCISE PATHOPHYSIOLOGY FOR PHYSICAL THERAPY

**Examination, Testing, and Exercise Prescription for Movement-Related Disorders**  
Debra Coglianesi

2014 872pp, illustrations  
9781617116452 Hardback £90.50 / €120.00

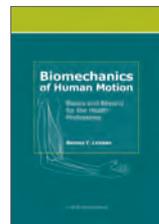

A comprehensive reference created to answer questions about treating patients with exercise. Offers both comprehensive information from the research literature, as well as original patient cases.

### PHYSICAL THERAPY MANAGEMENT OF PATIENTS WITH SPINAL PAIN

**An Evidence-Based Approach**  
Deborah M. Stetts & J. Gray Carpenter  
2013 656pp, illustrations  
9781556429323 Paperback £87.50 / €120.00

A challenge today's physical therapist faces is finding, evaluating, and implementing current best evidence into practice. With that goal in mind, this book provides a comprehensive research-based overview of the examination and physical therapy interventions of the spine.

### BIOMECHANICS OF HUMAN MOTION

Barney F. LeVeau  
2010 250pp, illustrations  
9781556429057 Hardback  
£50.50 / €68.00

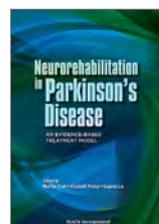

Presents a straightforward approach to the basic principles, theories and applications of biomechanics, and provides numerous techniques and examples for approaching biomechanical situations.

### GAIT ANALYSIS

**Normal and Pathological Function, Second Edition**  
Jacquelin Perry & Judith Burnfield  
2010 576pp, illustrations  
9781556427664 Hardback  
£78.00 / €102.00

Provides essential information describing gait functions, and clinical examples to identify and interpret gait deviations. It covers the fundamentals, normal gait, pathological gait, clinical considerations, advanced locomotor functions, and gait analysis systems.

### NEUROREHABILITATION IN PARKINSON'S DISEASE

**An Evidence-Based Treatment Model**  
Marilyn Trail, Elizabeth Protas & Eugene Lai  
2008 250pp, illustrations  
9781556427718 Hardback  
£64.95 / €87.00

In addition to providing treatment models for occupational therapy, physical therapy, and speech-language pathology, this text covers topics such as review of pathophysiology, symptomatology, and standardised instruments used to measure conditions.

## BOOKS FOR THE PHYSIOTHERAPY ASSISTANT

### THE PTA HANDBOOK

**Keys to Success in School and Career for the Physical Therapist Assistant, Second Edition**

Kathleen A. Curtis & Peggy DeCelle Newman

2014 368pp

9781617110207 Paperback £56.95 / €76.00

A unique textbook that serves students from pre-admission into a physical therapist assistant programme, through the academic programme, up to career entry and practice as a physical therapist assistant.

### NEUROREHABILITATION FOR THE PHYSICAL THERAPIST ASSISTANT

**Second Edition**

Darcy A. Umphred & Rolando T. Lazaro

2013 464pp

9781617110733 Paperback £65.95 / €88.00

Discusses intervention techniques used in both pediatric and adult patient populations. Also included is a more thorough discussion of examination tools and their application.

### DOCUMENTATION BASICS

**A Guide for the Physical Therapist Assistant, Second Edition**

Mia Erickson & Rebecca McKnight

2012 176pp

9781617110085 Paperback £51.50 / €69.00

Teaches both the student and clinician physical therapy documentation from A to Z.

### BESTSELLER

## QUICK REFERENCE NEUROSCIENCE FOR REHABILITATION PROFESSIONALS

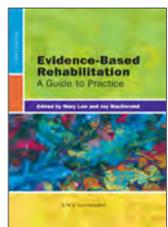

**The Essential Neurologic Principles Underlying Rehabilitation Practice, Second Edition**

Sharon A. Gutman

2008 368pp, illustrations

9781556428005 Paperback £56.95 / €76.00

Addresses the information needed to understand the neuroscience of clinical rehabilitation. Describes basic neuroanatomical structures and functions, neuropathology underlying specific clinical conditions, and theories supporting clinical treatment.

### BESTSELLER

## EVIDENCE-BASED REHABILITATION

**A Guide to Practice, Third Edition**

Edited by Mary Law & Joy MacDermid

2013 448pp

9781617110214 Hardback

£49.95 / €69.00

While evidence-based practice (EBP) has greatly influenced rehabilitation in the past decade, it continues to evolve. This edition explains evidence-based rehabilitation, the concepts underlying EBP, and builds the reader's knowledge and skills through specific learning.

## SLEEP AND REHABILITATION

**A Guide for Health Professionals**

Julie M. Hereford

2013 440pp

9781617110337 Paperback £63.50 / €84.00

This book reviews the basic scientific understanding of sleep, and describes disordered sleep and how it pertains to patients seen in the rehabilitation setting.

## CRAM SESSIONS

Each Cram Session is a succinct and quick reference that provides a basic yet thorough approach for the rehabilitation professional. Organised into concise descriptions with illustrative tables and examples, these books are user-friendly and facilitate highly efficient study.

### FORTHCOMING

## CRAM SESSION IN JOINT MOBILIZATION TECHNIQUES

**A Handbook for Students & Clinicians**

Edited by David C. Berry & Leisha M Berry

Apr 2016 250pp, illustrations

9781617118357 Paperback £32.50 / €44.00

## CRAM SESSION IN EVALUATION OF SPORTS CONCUSSION

**A Handbook for Students & Clinicians**

Tamerah N. Hunt

2013 112pp

9781617110665 Paperback £32.50 / €44.00

## CRAM SESSION IN GONIOMETRY AND MANUAL MUSCLE TESTING

**A Handbook for Students & Clinicians**

Lynn Van Ost

2013 392pp

9781617116209 Paperback £47.95 / €64.00

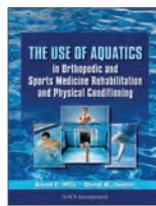

## CRAM SESSION IN GENERAL MEDICAL CONDITIONS

**A Handbook for Students & Clinicians**

Robb Rehberg & Joelle Rehberg

2012 160pp

9781556429484 Paperback £32.50 / €44.00

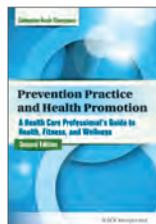

## THE USE OF AQUATICS IN ORTHOPEDIC AND SPORTS MEDICINE REHABILITATION AND PHYSICAL CONDITIONING

Kevin E. Wilk & David M. Joyner

2013 300pp, illustrations

9781556429514 Hardback £54.50 / €72.00

A definitive text on the use and application of aquatic methodologies in both rehabilitation and physical conditioning appropriate for the general population to the elite athlete.

## PREVENTION PRACTICE AND HEALTH PROMOTION

**A Health Care Professional's Guide to Health, Fitness, and Wellness, Second Edition**

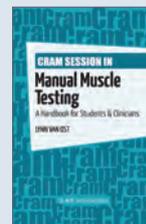

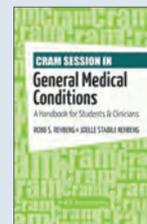

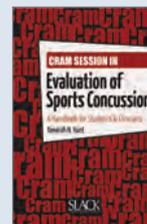

Catherine Rush Thompson

2014 350pp

9781617110849 Paperback

£63.95 / €86.00

Presents the interdisciplinary perspectives of health, fitness, and wellness concepts that are critical for providing preventive care to healthy, impaired, and at-risk populations using the World Health Organization's International Classification of Functioning, Disability, and Health model as a guideline.

## CRAM SESSION IN MANUAL MUSCLE TESTING

**A Handbook for Students & Clinicians**

Lynn Van Ost

2012 160pp, illustrations

9781556429972 Paperback £32.50 / €44.00

## CRAM SESSION IN FUNCTIONAL NEUROANATOMY

**A Handbook for Students & Clinicians**

Michael F. Nolan

2012 200pp, illustrations

9781617110092 Paperback £32.50 / €44.00

## CRAM SESSION IN FUNCTIONAL ANATOMY

**A Handbook for Students & Clinicians**

Scott Benjamin, Roy H. Bechtel & Vincent M. Conroy

2011 150pp, illustrations

9781556429361 Paperback £32.50 / €44.00

## CRAM SESSION IN GONIOMETRY

**A Handbook for Students & Clinicians**

Lynn Van Ost

2010 160pp, illustrations

9781556428982 Paperback £32.50 / €44.00

### BESTSELLER

## PATIENT PRACTITIONER INTERACTION

**An Experiential Manual for Developing the Art of Health Care, Fifth Edition**

Carol M. Davis

2011 300pp

9781556429941 Paperback £64.95 / €84.00

Assists students in self-awareness and understanding of their own history in developing their values and communication skills, then guides them to learn how to differentiate personal values from professional values. Includes exercises at the end of each chapter.

### eFacultyLounge Instructor Material

Faculty members in college and university settings can register at [www.efacultylounge.com](http://www.efacultylounge.com) to access supplemental instructional materials and resources to assist their teaching using the textbooks marked with an 'e'.

[www.efacultylounge.com](http://www.efacultylounge.com)

If you are a teaching academic or course leader you may request up to three titles as FREE inspection copies to consider as textbooks for students on your course. For further details please visit:
